When Should I Make My Contribution?

The timing of your contribution affects the tax year for which the credit may be claimed.

CONTRIBUTION TIMING

1

During the Calendar Year

Under current Arizona rules, an eligible individual STO contribution made during the calendar year may generally be claimed for that same tax year.

2

January 1 to the Filing Deadline

A qualifying contribution made between January 1 and the applicable April tax-filing deadline may generally be claimed for the current tax year.

3

Or for the Prior Tax Year

That same January 1 to filing-deadline contribution may generally be claimed for the immediately preceding tax year, depending on the taxpayer's election and applicable requirements.

A contribution may be claimed for only one tax year.

This is not a tax advice, general information only. Arizona tax credits depend on eligibility, applicable requirements, limits, contribution timing, and available tax liability. A school tuition organization cannot award, restrict, or reserve scholarships solely on the basis of a donor's recommendation. A taxpayer may not claim a tax credit if the taxpayer agrees to swap donations with another taxpayer to benefit either taxpayer's own dependent. A.R.S. 43-1603 (C). Any designation of your own dependent as a potential recipient is prohibited.
