SCHOLARKIDS
REACH FOR THE STARS

How Do I Make a Scholarkids Contribution?

Making a Scholarkids contribution and later claiming the applicable Arizona tax credit can be understood in four basic steps.

HOW IT WORKS

1

Determine Your Amount

Review current credit limits and consider your expected Arizona state income-tax liability. Decide whether you want to make one contribution or spread your annual amount through recurring payments.

2

Make Your Contribution

Contribute directly to Scholarkids using an available payment method. You may choose a one-time contribution or recurring contributions on a regular schedule.

3

Keep Your Records

Scholarkids provides a receipt showing the amount and date of each contribution. Keep your receipts and records for the tax year in which you plan to claim the applicable credit.

4

Claim the Applicable Credit

Use your contribution records and the applicable Arizona forms when preparing your state income-tax return. Only qualifying contributions completed by the applicable deadline may be considered for that tax year.

Kids Change Everything

This is not a tax advice, general information only. Arizona tax credits depend on eligibility, applicable requirements, limits, contribution timing, and available tax liability. A school tuition organization cannot award, restrict, or reserve scholarships solely on the basis of a donor's recommendation. A taxpayer may not claim a tax credit if the taxpayer agrees to swap donations with another taxpayer to benefit either taxpayer's own dependent. A.R.S. 43-1603 (C). Any designation of your own dependent as a potential recipient is prohibited.
